### **Pyramid Technologies Helps Businesses Control Payroll Costs with the Introduction of the 2600 Time Recorder**

**MERIDEN, CT – (January 4, 2010)** – Pyramid Technologies, ([www.pyramidtechnologies.com](http://www.pyramidtechnologies.com)), an established leader in the design and manufacture of time recording products and synchronized clocks, is pleased to announce the release of the 2600 Time Recorder, the newest addition to its line of payroll electronic time recorders.

The 2600 Time Recorder provides companies the ability to track employees' time and attendance with precision. This technology coupled with easy to read highlighted recordings delivers employers indisputable payroll data including early/late punch in and overtime information reducing incidences of overcompensation and unearned leave.

In addition to reducing administrative handling time and providing bottom line savings, the 2600 Time Recorder's light weight compact design is a space saver. Easy to set up and ideal for any business environment, the 2600 Time Recorder also features:

- \*Two color printing which highlights overtime hours and early/late punch ins
- \*6 column timecard to record morning, afternoon, and overtime in/out punches
- \*Auto alignment with top loading and ejecting which eliminates misaligned, hard to read recorded hours
- \*Large easy to read dual color LCD backlit display

“In order to remain competitive in today's challenging economic environment business, leaders must continually seek out means to realize savings,” says John Augustyn, President of Pyramid. “We are very pleased to provide cost saving solutions to businesses nationwide and of our commitment to deliver advanced technologies that help companies better manage and control their payroll expenses.”

*Full product specifications for the 2600 Time Recorder and information on Pyramid's full range of cost-conscious time keeping solutions can be found on [www.pyramidtechnologies.com](http://www.pyramidtechnologies.com).*

### **About Pyramid Technologies**

For 40 years, Pyramid Technologies ([www.pyramidtechnologies.com](http://www.pyramidtechnologies.com)) has provided value-minded time keeping solutions to businesses of all sizes and industries.
